

Verification of the FAFSA

What is verification?

Verification is the federal process of verifying that the information on the FAFSA is accurate.

The U.S. Department of Education selects 30% of all FAFSAs to be verified. Your FAFSA being selected does not mean that there is an error on the FAFSA.

Students will submit the following documents together as one pack for the verification process:

1. Verification Worksheet (located at www.cau.edu/financialaid/documents/forms.htm)
2. IRS Tax Return Transcript (download from www.IRS.gov)

or

1. Verification Worksheet (located at www.cau.edu/financialaid/documents)
